

An A.C.E. individualized CLASS can help:

- ✓ the student who needs more of a challenge.
- ✓ the student who needs more instruction.
- ✓ the student with foundational gaps in his learning.
- ✓ the new student who needs extra credits to graduate.
- ✓ the student who excels in the individualized approach.
- ✓ the school that needs individualized summer sessions.
- ✓ the school that has scheduling conflicts.
- ✓ the school that does not offer specific higher-level courses.
- ✓ the school that has staffing challenges.
- ✓ the school utilize individualized software.

Every student has different learning styles, motivations, and challenges. Maybe it is time to take a different approach by adding an A.C.E. individualized CLASS to your existing conventional school.

reaching every student."*

Who Can Utilize The Individualized "CLASS"?

Have you ever wondered if you are meeting the educational needs of every student in your school? Have you had students who needed more of a challenge than the rest of the class or students who seem like they are lost in the curriculum and cannot move ahead like other students? Maybe you know where they have gaps in their foundational educational concepts, but you don't have the time to review with the entire class. If you have ever had to address these issues in your Christian school, then

a Complete Learning Academic Support Station is what you need for a "complete Christian school education."

① The Student Who Needs More Of A Challenge:

Sometimes Christian schools do not have the staff or the educational expertise to meet the needs of every student. A school may not offer advanced courses such as trigonometry, physics, or computer literacy but has a student who would like to take them. Or, a student might like to learn German or Japanese. What do you do? If you had a Complete Learning Academic Support Station, your students would spend one class period in an A.C.E. individualized CLASS to complete these subjects using the A.C.E. curriculum, aceconnect Technology Training, or Rosetta Stone Language Courses.

② The Student Who Excels In The Individualized Approach To Learning:

Whether the student is a high-achiever, a moderate-paced learner, or a slow learner, the A.C.E. educational process proceeds at the exact level determined by the child's

ability. Individualization is a unique aspect of an A.C.E. CLASS that makes it possible for each student to master the subject matter before moving on. Such mastery is the foundation upon which all future learning is built. This type of educational system is beneficial for the students who excel at different rates of learning throughout your Christian school.

③ The Student Who Needs More Instruction:

You may have a student who performs well with his 5th grade class in math and science but is struggling to understand 5th grade English and grammar concepts. Give him the opportunity to refine his skills in grammar in the A.C.E. individualized CLASS. New students who need time to catch up with the other students will have the opportunity to improve in the A.C.E. CLASS.

④ The Student Who Has Foundational Gaps:

Do you have a student who is struggling in a certain area? You can diagnose the student and prescribe curriculum to give that student extra help in the specific area in which he needs assistance. It may be exactly what is needed to "turn the light on" to master a foundational concept.
